Top 3 vegan diet recipes

* **French Onion Soup:** This is a classic vegan dish which can be consumed during lunch. The main ingredients for this product are olive oil, chopped onions, no-dairy margarine, sugar, soy sauce and multi grain baguette. Firstly heat oil and margarine then put some chopped onions into it. Add salt and garlic and stir it well till 5 minutes. Then cover the pan and let it cook for 30-35 minutes. After that you can add broth, sugar and soy sauce. Heat for another 5 minutes and your soup is now ready to serve.

* **Lentil soup:** You can easily prepare this delicious soup for your dinner. The main ingredients required for this product are olive oil, onions, diced tomatoes, vegetable broth, zucchini, slice celery, thyme, oregano, bay leaf, salt and pepper. It will take maximum 15 minutes to cook this meal.

* **Unrolled cabbage:** It is very easy to cook. The maximum time required for its preparation is 20 minutes. Main ingredients required for preparing this dish are soy sauce, salt and pepper, chopped cabbages, chopped onions, prepared mustard, brown sugar, salt and lemon pepper. You can easily bake it in the oven.

The above foods contain enables your body to lower cholesterol levels and shed those extra pounds. One should completely
