## **The Perfect Dutch Oven is Like Finding a Good Mate**

The perfect Dutch Oven will last nearly forever, and should be chosen with great care.Â No impulse shopping when it comes to

## ❌ Over 350,000 Free Food and 9,000 Drink Recipes

this longevity relationship! This sturdy kitchen cooking pot is the most durable tools in your galley – and if properly selected, will be one of the most useful tools over the years.

The ability to take this single dish from stove top sauteing, boiling, simmering to oven baking and extreme or low heat conditions for extended periods of time...all in the same pot, allow some terrific recipes to be tackled. Fuller, more complex flavors are the end result.

The Prefect Dutch Oven...

□ **Is twice as wide as it is tall**, allowing for more browning surface. Your pot will be used heavily for making soups, slow cooking meats, and other efforts... But since we love soups at Soup and Supply, our focus is on finding the perfect Dutch Oven for soups! This will be one of your most versatile soup tools. Browning, roasting, simmering, baking – this one pot can do it all.

□ **Is the best quality cast iron enamel or stainless steel Dutch Oven you can afford** that meets our specifications. Typically, one that meets all of our desires costs a minimum of \$ 150 up to \$ 385. But given it will last you 30-50 years, that's a pretty good value. Check online auction sites for the best values on some of the best brands. Our personal favorites are listed below.

□ If purchasing your Dutch Oven second hand, **be sure you have the original fitting lid** – no “make due” lids here – you'll want the tight accurate fit for hours of oven braising that await.

□ **Has sturdy, oven-safe handles on both sides, and on the lid.** Dutch ovens are built heavy, fill it full of hot meat,

liquid or other delicious food and you have a dangerous situation if the handles are meek.

☐ For soups & stews, **avoid pots with less than six quarts capacity**; 6-8 qts is ideal.

☐ **Light colored interior**; it allows for better cooking observation.

☐ Has **enameled interior coating**. Why enamel interior coating you may be wondering? Those with enamel interior minimize sticking and scorching of foods and support snappy quick clean up. Seriously consider splurging on a pot with enable interior coating. Le Creuset is our favorite performer here.

☐ **A heavy weighted stainless steel or cast iron exterior**. By purchasing a stainless steel or cast iron pot, you'll find the heavy weighted versions of these more evenly distribute heat, providing for wonderful oven cooking at low temperatures for extended periods of time. Frankly, these types of pots conduct heat more efficiently and effectively.

☐ If you plan on trying some **rugged campfire cooking** you'll want the cast iron vs. stainless steel Dutch Oven – season it well per the manufacturing directions.

Take your time selecting the perfect Dutch Oven, no need to settle for cheap version that only meet some of these needs. Given the rigorous cooking workout you'll give this pot, none of these features are “nice to haves” – they are all must haves!

The cost difference between the low-end ovens compared to our favorite premium pots Le Creuset, Viking, and All-Clad is negligible when you consider that you will likely grow old
